

SCHOLARSHIPS APPLICATION FORM

A. General Information

Applicant First Name Godfred

Last Name Owusu

E-mail address ogpeprah12@gmail.com

Home Address

City Accra **State** Ghana **Zip/Postal Code** 00233

Country Ghana

Phone Number 0594817271

Address at School (if known)

City Kumasi **State** Ghana

Zip/Postal Code 00233

Country Ghana

Phone Number 0206759811

Country of Citizenship Ghana

B. Education Information

School Applicant will attend next fall

Department and Major Supply Chain and Information Systems / Bsc. Business Administration (Business Information Technology)

Department Address

City Kumasi **State** Ghana **Zip/Postal Code** 00233

Country Ghana

Check the class you will be in next fall ☐ Junior ☐ Senior

Expected Graduation Date 2024

Degree Expected Bachelor's Degree

What was your grade point average last semester (A=4.0)?

What is your cumulative grade point average (A=4.0)?

SCHOLARSHIPS APPLICATION FORM

Schools Previously Attended:

Colleges & Universities	Dates Attended	Degree Earned (if any)
Ghana Senior High School	Sept, 2017 - Sept, 2020	WASSCE

Current and Past School Activities and Honors:

I was a part of the NUPSG executive body at SHS. I joined a community of musicians to learn practice. I earned certificates of my frequent engagement in extracurriculum activites. At university, I joined a team of IT enthusiasts where I learned to code in several languages. Currently I am the Content Manager of the team. As part of my musical talent, i joined the NUPSG musical team and currently I am the instrumentalist head. I joined the innovative club at my department and I also attended seminars.

Community Activities and Honors:

I joined my community members whenever there is a community clean up or a keep fit exercise. I am also a part of the brigade.

Optional: Hometown Newspaper – Name and Address

(This information will be used to send an announcement of the award to your local newspaper)

SCHOLARSHIPS APPLICATION FORM

Student Statement

Please describe why you are applying for the scholarship, your qualifications, and your educational and career goals. Please limit your statement to less than 500 words.

As a Business Information Technology student, I am applying for a scholarship to study data science to further expand my skills and knowledge in this rapidly growing field with much enthusiasm and determination. Although I currently have no prior experience in data science, I possess a strong foundation in data analytics which I believe will serve as a solid basis for my journey into the data science field.

With some basic knowledge in programming, SQL, data modeling and some relevant courses related to data and its professions at school, I aim to delve much deeper into exploring how these skills are going to help extract valuable insight for making decisions and also build algorithms to make life much easier and work, faster.

I have recognized the need to expand my skill set and broaden my scope by incorporating data science methodologies. I firmly believe that data science will enable me to take my passion for data analysis to a new level, allowing me to apply advanced algorithms and machine learning techniques to unravel more complex patterns in data.

By pursuing data science, I aim to advance my expertise and contribute positively to various industries by addressing real-world challenges through the power of data. I am eager to explore and learn cutting-edge tools and technologies, such as Python, R, and any other tools relevant to the field. I am optimistic about the opportunity to delve into predictive modeling and optimization techniques to derive insights that influence strategic decision-making.

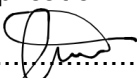

In addition to my academic and professional experiences, I have also actively sought out opportunities to expand my skillset in data analytics. I have completed several online courses and enrolled in training programs. These courses have provided me with hands-on experience working with real datasets and I have gained a deep understanding of analyzing and interpreting data to extract insights. This prior knowledge has equipped me with a robust skill set in data wrangling, data manipulation and visualization.

Through this scholarship, I hope to gain the necessary knowledge, guidance, and resources to bridge the gap between data analytics and data science. I understand that data science is a rapidly evolving and multidisciplinary field, and I am committed to continuously upgrading my skills and keeping up with the latest industry trends.

I am fully committed to utilizing the scholarship to its fullest potential, by actively participating in workshops, seminars, and other educational activities. I am eager to collaborate with industry experts and fellow scholars to develop innovative solutions to complex problems. Furthermore, I am determined to give back to the data science community by sharing my learnings and experiences through mentorship and knowledge-sharing initiatives.

In conclusion, although I have no prior experience in data science, my passion for data analysis, coupled with my existing knowledge in data analytics, motivates me to pursue this scholarship opportunity. I am eager to embark on this transformative journey, enabling me to contribute to the field of data science and make a meaningful impact.

Thank you for considering my application.
